**Dear Capt. Scurfield:****I have attached important documents in this email that I have sent to you in hard copy.****I am sorry I did not get these materials out directly to you sooner. I have been real sick battling the flu.****I expressed to your legal counsel Sarah Hurley my position and about these materials on the Thursday the 3rd 2012 but had not heard back from her. I did send her a draft of my AFFIDAVIT / TESTIMONY that day last week for her review. I have alluded to her on several occasions there was more to these FRG Trademark matters...much more.****I'll send Sarah all the same electronic documents by email this evening.****As I said, I have sent the hard copy of these documents attached out today to both you and Sarah by USPS Priority Mail (TRK#: 2304 1070 0000 9128 2173).****Meanwhile...you can have these electronic versions attached to this email for your review, printing and whatever else your needs maybe currently. The documentation is the whole sworn truth and whole story as I know it.****Thoughts and prayers from here. Stay strong.****Best regards,
